

Experts in Lubrication Tools: Bucket Grease Pumps, Grease Guns, Oil Cans, Rotary Barrel Pumps & Hydraulic Jacks.

Trusted Lubricating equipments to Keep  
Your Machines Running.

**Always.**

## Company Story

JS Lubricating Equipments started with a legacy rooted in hands-on manufacturing expertise. From our early beginnings in industrial equipment production, we have expanded our product portfolio to include grease guns, bucket grease pumps, oil cans, rotary pumps, and hydraulic jacks.

## Genesis

**1984** Foundation laid by Santokh Singh Nanray with cycle parts manufacturing.

**2009** Launch of JS Lubricating Equipments brand.

**2010** Expanded lineup to include grease guns and barrel pumps.

**2023** Added innovative hydraulic jacks to offerings.

## Industries We Serve

Automotive Workshops

Service & Repair Centers

Agriculture & Earth-Moving Machines

Engineering & Construction Units

Heavy Industries & Manufacturing

# Bucket Grease Pumps

JS Bucket Grease Pump delivers high-pressure, consistent grease output with smooth lever operation. Built with durable components, long hose reach, and a stable bucket design for effortless industrial and workshop lubrication.

## Key Features

**Portable Design** Fitted with durable wheels for easy movement and handling.

**Quick-Access Cover** Easy-to-open lid for fast refilling and maintenance.

**Adjustable Carry Handle** Ergonomically designed for comfortable transport.

**Spring-Loaded Pressure Disc** Maintains positive pressure inside the drum for smooth and consistent grease flow.

**Powerful Output** Working pressure up to 4000 PSI

**Lever-Operated Pump** Fitted with durable wheels for easy movement and handling.

**High-Pressure Hose** Easy-to-open lid for fast refilling and maintenance.

**Removable Handle** Ergonomically designed for comfortable transport.

**High Delivery Rate** Approx. 4.5 grams per stroke.

# Lever Grease Guns

JS Lubricating Equipments' lever grease gun, available in 8 to 20 oz capacity, delivers high-pressure, smooth, and consistent lubrication built for durability, easy handling, and reliable performance across industries.

## Heavy-Duty Durability

Built with robust materials to withstand tough industrial conditions and long operational hours.

## High-Pressure Performance

Ensures smooth, consistent lubrication delivery for heavy machinery and precision applications.

## Low Maintenance & Reliable

Engineered for minimal downtime, offering reliability in demanding environments.

## Lever Grease Gun light duty 8 OZ

Model: J-702

- Capacity 8 Oz/200cc
- Develops upto 4000 PSI
- Die Cast Attractive Head
- Durable Powder Coated Finish

### Lever Grease Gun light duty 10 OZ

Model: J-703

- Capacity 10 Oz/300cc
- Develops upto 5000 PSI
- Die Cast Attractive Head
- Durable Powder Coated Finish
- Knurled Barrel for Non-Slip Grip

### Lever Grease Gun light duty 15 OZ

Model: J-705

- Capacity 15 Oz/500cc
- Develops upto 3000 PSI
- 5/8 Wide Piston for Extra Volume of Grease
- Grease Gun Designed for use in General Lubrication and Daily Maintenance Work
- Die Cast Attractive Head
- Durable Powder Coated Finish
- Knurled Barrel for Non-Slip Grip

### Lever Grease Gun light duty 10 OZ

Model: J-705S

- Capacity 15 Oz/500cc
- Develops upto 3000 PSI
- 5/8 Wide Piston for Extra Volume of Grease
- Die Cast Attractive Head
- Durable Powder Coated Finish
- Knurled Barrel for Non-Slip Grip
- Built in screen plug for easy cleaning
- Grease Gun Designed for use in General Lubrication and Daily Maintenance Work

### Lever Grease Gun light duty 15 OZ

Model: J-707

- 15 Oz Cartridge or Bulk Loading
- Develops upto 8000 PSI
- All Steel Fabricated Head
- Durable Powder Coated Finish
- Knurled Non-Slip Grip
- Secure Lock for Easy Loading and Bleeding

### Lever Grease Gun light duty 20 OZ

Model: J-708

- 20 Oz Cartridge or Bulk Loading
- Develops upto 8000 PSI
- Single Piston
- Knurled Non-Slip Grip
- Secure Lock for Easy Loading and Bleeding
- With Plastic 'T' Pulling Rod

### Lever Grease Gun heavy duty 20 OZ

Model: J-709

- 20 Oz Cartridge or Bulk Loading
- Develops upto 8000 PSI
- Double Piston
- Knurled Non-Slip Grip
- Secure Lock for Easy Loading and Bleeding
- With Flexible Pipe and Pencil Type Coupler
- With Plastic 'T' Pulling Rod

# Lubricating Oil Cans

JS Lubricating Equipments Oil Cans feature a seamless steel body, rim to prevent dripping, and detachable rigid/flex spouts. Designed for high-volume delivery, durability, and traditional easy-handling performance.

## Key Features

- JS Series Oil Can
- Detachable Rigid/Flex Sports
- With Rim Have Traditional Design
- Body is Seamless Drawn
- The Rim Prevents Oil from Dripping Down
- All Models are Available in Steel & Brass Pump as per Order
- Heavy Gauge Steel Body
- Pump Has Two Ball Valve for large volume delivery per Stroke
- All Painted Oiler Zinc/Chrome Plated Thumb Lever

# Hydraulic Bottle Jacks

JS Hydraulic bottle Jacks, available in 50, 75, and 100-ton capacities, deliver powerful and stable lifting with heavy-duty construction, precision pump action, and reliable performance for industrial, automotive and machinery applications.

## Hydraulic Bottle Jack - 50 Ton

Model: JHJ-50

- 50 Ton heavy load lifting capacity
- High-pressure hydraulic system for smooth operations
- Industrial-grade steel body for durability
- Adjustable screw saddle for extended lift height
- Leak-proof seals with overload protection

## Hydraulic Bottle Jack — 75 Ton

Model: JHJ-75

- 50 Ton heavy load lifting capacity
- High-pressure hydraulic system for smooth operations
- Industrial-grade steel body for durability
- Adjustable screw saddle for extended lift height
- Leak-proof seals with overload protection

## Hydraulic Bottle Jack — 100 Ton

Model: JHJ-100

- 50 Ton heavy load lifting capacity
- High-pressure hydraulic system for smooth operations
- Industrial-grade steel body for durability
- Adjustable screw saddle for extended lift height
- Leak-proof seals with overload protection

# Rotary Pumps

JS Rotary pumps are designed for efficient and safe liquid transfer, these rotary pumps are ideal for dispensing a wide range of chemicals including alcohols, detergents, water-soluble inorganic compounds, and acids.

## Rotary Barrel Pump

Model: JBP-201

- Robust C.I. Housing with Precision Machined Rotor and Vanes
- Delivery 1.25 Gal (5 liters) 20 Turns
- Oil Resistant Synthetic Rubber Seals

## Rotary Barrel Pump (Ryton)

Model: JBP-205

- Suitable for Dispensing Most of the Chemicals as Alcohols, detergents, Water Soluble Inorganic Compounds and Acids
- Consists of 3 pcs Screw-able draw Tube with Non-Return Valve
- Delivers 7 Gallons per Minute approximate Weight 4 Lbs

# Accessories

## Extension Tube

**JSP- 9**  
Steel Extension Tube Available  
in 6" in BSP Thread

**JSP- 10**  
Steel Extension Tube Available  
in 4" in BSP Thread

## Hydraulic Couplers

Coupler 4 Jaw (Black)  
Coupler 4 Jaw (Silver Zink)

## Flexible Hose For Lever Grease Gun

**Features: Model - JSP-12/ 15/ 18/ 24**

- Heavy Flexible Inner Tube is Polyamide Construction
- Inner Diameter 4.00mm
- For Hand Operated Grease Gun Only
- Zinc Plated Steel Connections with Positive Crimping  
Excellent for Confined Area
- Select Lengths Available in the Following Variations
- Spring Guard Added Safety & Convenience in Fitment
- Working Pressure 4000 PSI

Also Available Length in 12"/ 15"/ 18"/ 24"

**Flexible Hose  
For Bucket Grease  
Pump**

Model: BGP-SP-52

**Spare Kit For  
Bucket Grease  
Pump**

BGP-SP-15
